The content of our events and programs are informed by our members and people who genuinely care about the sector.

We provide a safe and supportive environment in which to grow and learn while creating opportunities to make time away from the office to work on the business or on self.

We award and acknowledge achievements of excellence.

All of our offerings are designed by and for the sector, with 100% of proceeds invested back into developing further content and offerings for our members.

PRESIDENT'S FOREWORD

EXECUTIVE LEADERS PROGRAM PROSPECTUS 2023

With a complex and continuously evolving sector, it is now more essential than ever that local government is prepared for the future. New services, new skills, local and global impacts and the ever-changing digital landscape have fundamentally changed expectations of both the nature and delivery of services.

Our leaders need to be at the heart of transformational change in what is an increasingly volatile, uncertain, complex and often ambiguous landscape. We need to be skilled in and committed to innovative and commercial thinking, have a strong commitment to partnering, the capacity to respond to change and possess high levels of political acumen.

As the President of Local Government Professionals Australia, SA I am very pleased to present the Executive Leaders Program to you. This program is for local government executives, current or aspiring, seeking to expand their minds to new ways of thinking, delivering and managing as well as amplifying their leadership impact.

The program has been developed to:

- ∴ Enhance complex and adaptive thinking capabilities
- ∴ Increase capabilities to generate solutions to complex problems
- ∴ Challenge assumptions and perspectives
- ∴ Equip executive leaders to navigate rapidly changing and evolving environments.

I highly recommend this innovative program to you. By equipping local government professionals with skills for the future, we can ensure the best outcomes for both our organisations and our communities.

We look forward to welcoming you to the 2023 program, where you will hear from both national and international facilitators, presenting and sharing in a highly interactive and safe learning environment.

PROGRAM OVERVIEW

EXECUTIVE LEADERS PROGRAM PROSPECTUS 2023

WHY THIS PROGRAM?

THESE ARE UNPRECEDENTED TIMES.

Gone are the days when planning and execution were good enough, or incremental improvement was a reliable indicator of progress. Instability within the context in which executives 'deliver' now means taking on organisational challenges in different ways — ways that require different skills of our leaders. More than ever, executive leaders today are at the heart of adapting to and leading transformational change. One thing is certain - there is no going back.

SUCCESS IN ITS MANY FORMS WILL BE DRIVEN BY THE CAPABILITY TO CONTINUALLY RETHINK AND RESHAPE WORK, WHILE CONTINUING DAY TO DAY OPERATIONS - MANAGING UP, MANAGING DOWN AND MANAGING ACROSS.

Leadership in the local government sector comes with its own unique set of evolving challenges for executives. The COVID 'reset' combined with new services, skills and technologies have fundamentally changed expectations of the delivery of public services. With the ever-growing question of 'what role will local government continue to play both now and into the future?', there has never been a more important time to explore a new paradigm of leadership and inspire your thinking about the future.

On completion of this program, participants will be able to:

- ∴ Make progress on complex problems in an agile way
- ∴ Navigate rapidly changing and evolving environments
- ∴ Collaborate and work more effectively with different stakeholder groups
- ∴ Make better decisions in uncertain, complex and ambiguous situations
- ∴ Manage their energy to best serve their communities
- ∴ See and consider multiple perspectives
- ∴ Be more conscious of what is personally holding them back from delivering to their full potential.

"I WAS CHALLENGED.
IT OPENED MY MIND
TO WHAT ELSE COULD
BE TRUE?"

Ginny Moon,
Director City Corporate - City of Prospect

"WE'VE LEARNT A LOT OF
LEADERSHIP TOOLS THAT
WE'LL NOW BE ABLE TO TAKE
INTO THE WORKPLACE AND
EMBED WITHIN OUR TEAM"

Bobbi Pertini,
Manager People, Culture and Safety - Yorke Peninsula Council

PROGRAM METHODOLOGY

EXECUTIVE LEADERS PROGRAM PROSPECTUS 2023

THIS PROGRAM IS DESIGNED FOR MAXIMUM IMPACT WITH MINIMAL TIME COMMITMENT FOR BUSY EXECUTIVES.

Spanning three months, the Executive Leaders Program includes a range of innovative learning opportunities including two face-to-face intensives, four virtual sessions, personalised 1:1 coaching and access to cutting edge readings and materials all delivered by local and international leadership experts. A key element of this program's effectiveness is the contribution made by participants in a peer learning environment.

IMMERSIVE EXPERIENCE

The intensive blocks in this program take participants away from the busy day to day environment. Each intensive module in this program will be practical, informal and participative, providing a rich and stimulating learning experience. Participants will experience fresh, innovative thinking underpinned by evidence-based theory.

"A THOUGHT PROVOKING
PROGRAM THAT I WOULD
HIGHLY RECOMMEND"

Penny Williams,

Manager, Community & Economic Development - District Council of Streaky Bay

EXPERIENTIAL LEARNING PLATFORM

We have extended our participant support with the addition of an experiential online learning platform designed to provide participants with access to:

- ∴ Resources such as contemporary relevant readings, worksheets and reflective questions
- ∴ Creative virtual spaces for participants to connect and share with other participants, organise meetings and problem solve which builds community
- ∴ Access to faculty to ask questions, raise concerns or seek feedback.

PROGRAM METHODOLOGY

EXECUTIVE LEADERS PROGRAM PROSPECTUS 2023

PRE-WORK AND APPLIED LEARNING

All pre-work in this program is designed to be realistic and achievable through a mix of formats and is aimed at maximising face-to-face time. Ideas and concepts introduced in the modules will be linked directly to the workplace through application 'missions.' These will not be time intensive, but rather hold participants accountable for the application of concepts to their work, thus embedding the learnings and maximising the program impact.

CHECK-IN AND REFLECTION SESSIONS

Reflection has been built into the start and end of each day of the intensives and will offer a supportive structure for participants to reflect on progress, share experiences, provide a forum for robust discussion and create invaluable connections across the cohort and ultimately the sector.

"THE MOST
CONFRONTING AND
SAFE ENVIRONMENT
I HAVE EVER WORKED
IN – ABSOLUTELY A
TERRIFIC EXPERIENCE"

Gordon Thomson,
XLP Alumni

SAFE SPACE

Participants will connect closely with a network of peers in a safe to fail learning environment away from daily pressures and expectations, assumptions and judgements.

LEADERSHIP CHALLENGE AND PEER THINKING

Participants will bring a real-world complex problem with them to the program to share with peers, leveraging powerful peer-thinking and alternate perspectives.

PERSONALISED MICRO COACHING

Coaching is provided by core program facilitators in response to assignments or queries submitted by participants via the online platform. In this way, participants are supported in their comprehension and application of concepts in real time to amplify learning.

"THIS PROGRAM IS
HARD WORK AND
CHALLENGING...
AND VERY FULFILLING!
WOW!"

“PRESENTERS WERE PREPARED TO GO DEEP IN THEIR OWN EXPERIENCES AND SHARE THEM TO PROVIDE ‘PERMISSION’ FOR PARTICIPANTS TO REACH DEEP AND FACILITATE LEARNING”

Peter Porch,
XLP Alumni

PROGRAM FACILITATORS

DR BARRY BALES

BARRY IS A SENIOR ASSOCIATE WITH THE UNCHARTED LEADERSHIP INSTITUTE.

Until starting his own consultancy in April 2018, Barry was the Assistant Dean for Professional Development at the Lyndon B. Johnson School of Public Affairs, The University of Texas at Austin. He also held a faculty position as Clinical Professor of Public Policy Practice in the School's Executive Master in Public Leadership Program.

As Assistant Dean, Barry directed the Office of Professional Development, which is responsible for organising and delivering seminars and educational programs for over 2,500 people each year, including management/executive development programs for leaders of public, private, and not-for-profit organisations. He also served as the Director of the Governor's Executive Development Program, an intensive three-week leadership course for top-level managers in Texas state agencies and universities.

DR FRED JONES

FRED HAS TAKEN A DEEP INTEREST IN DEVELOPING PEOPLE AND THE ORGANISATIONS THEY LEAD FOR MORE THAN TWO DECADES.

His work as a coach, facilitator, teacher, and program designer is guided by an innovative spirit and a desire for people to be their biggest and best selves for the challenges they engage.

Fred has worked in the United States with Humana, Texas Children's Hospital, Progressive Insurance and Ernst & Young. His experience with health care is something more: an unshakable passion. He started out toward a career as a magazine journalist, but shifted to explore what makes people tick and what makes the world go around. He continues to practice what he learned years ago, researching how people experience the pursuit of fuzzy outcomes through messy pathways, and the clarity that can come as they represent visually, in the form of a map, what they are trying to make happen. Fred long has loved theatre and takes advantage of how theatre practices help people prepare for high-stakes moments and show up as they want.

Fred earned a doctorate in adult learning and leadership from Columbia University, Teachers College, and holds a Master's in Public and International Affairs from the University of Pittsburgh. He is an Associate Certified Coach through the International Coach Federation, and a graduate of Georgetown University's renowned Leadership Coaching program.

Fred lives with his wife and dogs in Louisville, Kentucky, USA, which turns out to be the geographic centre of everywhere he's lived so far.
